

Side event– UNFCCC COP30

Local climate finance for a just transition to carbon neutral and resilient cities

organized by SUR Lab Bocconi University, European Association of Environmental and Resource Economists EAERE, Conseil des Communes et Régions d'Europe (CCRE / CEMR), and Polytechnic of Turin

November 11th, 18.30 Side event room 1 area C - Belem

The workshop explores how local climate finance can support a just transition toward carbon-neutral and resilient cities. Governance frameworks and innovative financing instruments will be discussed, while also considering their capacity to channel resources to cities in both developing and developed countries through a range of case studies.

Speakers

Simone Borghesi, President of EAERE, Director of FSR Climate at EUI and Vice Rector for International Relations at University of Siena
